

Genuine Western Fluidyne Products

100% Interchangeable in fit, form, and function

Supporting Fluid Power Customers Worldwide

Many of the Eaton/Vickers, Rexroth, Racine, Denison and Char-Lynn pumps motors and valves now on customer's machines or mobile equipment are designs first introduced 10 to 30 years ago. Western Fluidyne has specified our own brand of cost effective interchangeable components and has tooled to produce them around the world.

Western Fluidyne specifies, tests, and modifies the quality components to meet or exceed the original performance standards.

With our years of experience in re-manufacturing pumps, valves, and motors, we know where to focus and test to ensure these products meet your needs. Western Fluidyne is an ISO 9001 2000 REV company and we qualify and manage our suppliers to ensure products are high quality, and the latest design. We maintain a massive inventory with a machining and assembly program in Fraser, Michigan. Our units and parts inventory allow us to ship 95% of our standard and modified products "same day". We provide and administer a two-year warranty on our products and have one of the best quality reputations in the industry.

Western Fluidyne ships 70% of our products the same day & 95% within 24 hours. We have a two-year warranty, and one of the lowest return rates in the industry.

Re-manufactured Pumps, Motors & Valves

Western Fluidyne buys original product "cores" from factories that are closing, retooling or changing their manufacturing process. These "cores" are stripped down to the base parts and the worn parts are discarded.

When orders are received, we build products using re-manufactured and high quality after-market components.

Finished products are tested to meet or exceed original manufacturer's new product performance standards.

PUMPS & MOTORS

VICKERS / EATON

VHO / VQ Single, Double & Triple

- ▲ ■ 20,25,30,35,40,45 (V/VQ)
- ▲ ■ 2520, 2521, 3520, 4520, 4525, 4535 (V/VQ)
- ▲ ■ Cart Kits available for all sizes

*Caterpillar part numbered pumps also available

Round Pumps

- V104/5, V108/9, V110/1, V124/5, V128/9, V134/5
- V144/5, V148/9, V350/3/6, V360/1/2, V368/9/70
- VC108, 138, 148 Combination Pumps

Motors

- MHT 32, 50, 70, 90, 150, 250, 330, 440, 500, 660, 750, 1000
- 25M, 26M, 35M, 36M, 45M, 46M, 50M

Square Pumps

- ▲ ■ V10 N/F, V20 N/F
- ▲ ■ V10, V20, V2010, V2020

Piston Pumps

- ▲ ■ PVH 57, 74, 98, 131, 141
- ▲ ■ PVE 12, 19, 21, 27, 35, 47, 62
- MVE 12, 15, 19, 21
- MFE 15, 19
- ▲ ■ (M) PVB / (M) FB 5, 6, 10, 15, 20, 29, 45, 90

Transmissions

- TA6, 15, 19

RACINE

- ▲ ■ PSV 10, 15, 20, 25, 40
- ▲ ■ PSV 80, 100
- ■ PVF, PVQ, PVR
- ■ PVK, PVT, PVS

CHAR-LYNN

- H Series
- S Series
- 1000, 2000 Series
- 4000, 6000 Series

DENISON

- T6
- M4C, M4D, M4E
- PV 6, 10, 15, 20, 29

REXROTH

- ▲ ■ A10V (S) 018
- ▲ ■ A10V 28, 45, 71, 100, 140

OILGEAR

- PVW (W) (H) 06, 10, 15, 20, 34, 45, 60

VELJAN

- ◆ VT6C, VT6D, VT6E
- ◆ VT6CC, VT6DC, VT6EC, VT6ED
- ◆ VM4C, VM4D

VALVES

Pressure Controls

- X (C) G or T 03, 06, 10
- ▲ ■ DGM STAK

Check Valves

- CG5
- 4CT, 4CG
- DT8P1
- ▲ ■ Sandwich, flow, pressure and Check Modules for D03 & D05

Directional Valves

- ▲ ■ D03-DG4V3
- D08-DG5S4, DG5S8
- ▲ ■ DG17S/V 03, 06

Needle Valves

- ▲ ■ 1/8, 1/4, 3/4, 1 1/2

Relief Valves

- CT / CG / CS / CF 03, 06, 10

*We also carry remanufactured Relief, Racine & Double "A" valves

FILTERS

WFD has a full range of replacement filter elements and filter housings for:

- Pall
- Schroeder
- Hycon
- Hydac
- Vickers
- Rexroth
- Parker
- Zinga

WestMax™ is interchangeable with Duramax filters in fit, form and function.
